

AZIENDA GUARINO

TECHNICAL SPECIFICATION & EXPORT PROFILE

100% Monocultivar Nocellara del Belice
Extra Virgin Olive Oil

PARTANNA, BELICE VALLEY, SICILY, ITALY

The Belice Valley Microclimate

Cultivated on rich limestone soils under an optimal Mediterranean climate in Partanna, Sicily.

100% Nocellara del Belice

Strictly compliant with IGP Sicilia and DOP standards. Single-varietal purity.

Estate-Level Traceability

Olives are hand-picked at the precise veraison stage to maximize natural antioxidants, polyphenols, and aromatic complexity.

100% traceable from grove to final packaging to guarantee anti-counterfeit authenticity.

Precision Extraction Engineering

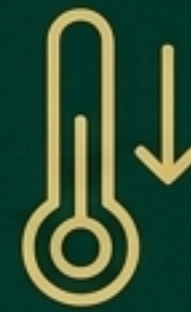

Milled strictly within
24 hours of harvest.

Eliminates oxidation risks
and secures absolute
superior freshness.

State-of-the-art
Vitone V3 machinery.

Utilizes a continuous
two-phase extraction
system.

Maintained strictly below
22°C throughout malaxation
and processing.

Preserves volatile
compounds, vitamins, and
natural nutritional integrity.

Chemical Purity Benchmarking

Parameter	Guarino Estate Specification	International Standard (IOC)
Free Acidity (% oleic acid)	$\leq 0.2\%$ 4x Stricter than Standard	$\leq 0.8\%$ (Extra Virgin limit)
Peroxide Value	$\leq 7.0 \text{ mEq O}_2/\text{kg}$ Exceptional Freshness Indicator	$\leq 20 \text{ mEq O}_2/\text{kg}$
Polyphenol Content	High natural concentration	Variable

The Culinary Appeal

The Functional Benefit

Selected for dietary and health research studies at the prestigious Lerner Research Institute / Cleveland Clinic.

International distinction at the Texas Olive Oil Competition.

Export Logistics & Packaging Formats

Bottle Format	Material & Closure	Carton Configuration	Palletization
500 ml	Dark UV-protective glass / Anti-refill cap	Cartons of 6 or 12 bottles	Euro-pallet, shrink wrapped
250 ml	Dark UV-protective glass / Anti-refill cap	Cartons of 12 bottles	Euro-pallet, shrink wrapped
5 Liter	Bag-in-Box (for food service / culinary use)	Individual box	Euro-pallet, shrink wrapped

Guarantees
retail/restaurant
authenticity

Global Compliance & Import Readiness

Full provision of Certificate of Origin, Health Certificates, and Batch-specific Laboratory Analysis Reports (COA) for every shipment.

Fully compliant with rigorous North American import standards (CFIA), proving the facility and product are engineered to pass the world's most demanding customs audits.

Comprehensive documentation and pristine chemical profile ensure seamless General Administration of Customs of China (GACC) registration and premium retail clearance.
